VOL. XIX, No. 66.

EDMONTON, ALBERTA, THURSDAY, JUNE 17TH, 1897.

SEMI-WEEKLY, 4 PAGES.

LOCAL.

TRAIN left Calgary on time.

W. CLARK is expected in from the north to-day or to-morrow.

SALE of the Cairns & Kelly brewery property on Saturday.

OLD JOHN, the father of Almighty Voice, has been liberated, there being no evidence against him.

MR. AND MRS. SIBBALD with Mrs. Ross and Miss Lottie Ross came in from Saddle Lake on Tuesday.

FOUR hundred pounds of black sand are sacked up ready for shipment next train to the smelter at Trail, B. C., where it will be smelted.

THE "Northwest" passed Henrietta on her return trip, but has not yet reached Battleford. Battleford and Henrietta are 60 miles apart.

The office of the local agent for Dominion lands at Wetaskiwin will be closed on the 20th inst. and thereafter the business pertaining thereto transferred at the office here.

Mrs. MACDONALD, wife of Ewen Macdonald, the factor in charge of Peace river district, arrived on last train from Winnipeg on her way to join her husband at Lesser Slave Lake.

The foot races on the 22nd promise to be more than usually interesting and it is reported that even the famous Moosewa is to be distanced in No. 16, 100 yards open to all to be run under 11 seconds.

FUEL SALES: The consignment of fuel brought in by Jean B. Gaster, referred to in last issue, was sold to Jos. Ullman & Co. for \$211.80, who also purchased in small lots \$44 worth from different parties.

S. CHIVERS WILSON, late of the office of the Territorial superintendent of surveys, Calgary, has been promoted and moved to Regina where he has been appointed chief clerk in the new public works department there.

A MEETING of the St. George's society will be held in W. B. Stennett's office to-night to discuss preliminaries of the jubilee procession. Those taking part in the parade are requested to meet there at 9 a. m. on Tuesday, the 22nd.

It is proposed to create a government position in Regina and appoint an advocate as law clerk, whose salary will be \$2,500, and whose duties will be to draft and prepare all ordinances and amendments, in order to ensure some much need accuracy in our Territorial law.

THE telegraphic report in last issue stating that the relatives of Almighty Voice were terrorizing settlers in the vicinity of Duck Lake is contradicted by later telegraphic news which states that as far as can be ascertained there is nothing up and so much water has accumulated in the ditches in town that the council have had to take measures to drain it off to prevent the overflow filling the cellars on Jasper avenue. It is hoped that the weather will clear in time to not interfere with the jubilee arrangements.

THE country has been receiving a thorough and much needed soaking for the last week or ten days. Rain has fallen almost every day to a total depth of 2.27 inches. The clouds are filling up and so much water has accumulated in the ditches in town that the council have had to take measures to drain it off to prevent the overflow filling the cellars on Jasper avenue. It is hoped that the weather will clear in time to not interfere with the jubilee arrangements.

THE Most Rev. Archbishop of St. Boniface, Mgr. Langevin, the Right Rev. Bishop of New Westminster, B. C.; The Very Rev. Father Lefebvre, O. M. I., provincial of the Oblate order in Quebec; the Rev. Father Messier, parish priest of the Cathedral of St. Boniface; Rev. Father Lacombe, O. M. I., with Chief Erminskia and councillor; the Rev. Father Cocola, O. M. I., of the Kootenay district, and several others of the Roman Catholic hierarchy, arrived by last train to assist at the episcopal consecration of Bishop Legal, which took place this morning in the Cathedral of St. Albert.

A. E. FORGET, commissioner of Indian affairs, came in from Regina on last train on an official visit through the district on business connected with his department. Norman McDonald, interpreter of the Saddle Lake agency, who was discharged, will be reinstated, and an appointment will be made to fill the position made vacant by the resignation of Louis Couture. In answer to a question Mr. Forget stated that no further changes in the local agencies would be made just yet. Mr. Forget will return south either to-morrow or Monday, and will stop en route to visit the agency at Hobbema.

His Grace, the Archbishop of St. Boniface and His Lordship the Right Rev. Bishop of New Westminster, arrived, as expected, on last train and were tendered a reception on their arrival at St. Joachim's church here. Addresses of welcome were read by His Grace Mgr. Langevin, in French and English, to which he appropriately replied. After the reception at the church the visitors returned to the presbytery and on Tuesday morning an entertainment was given in their honor at the St. Joachim's school after which they accompanied by the school trustees, dined at the convent here. On Wednesday they drove to St. Albert where they will assist in the consecration services of His Lordship Bishop Legal to be held there to-day.

The letter re the bridge, received from Frank Oliver, M. P., referred to in the report of the council meeting as having been read before the council last night, contained practically the same information as that already published. The letter from Mr. Tarte, in the same connection, was also of the same tenor and stated that the work of preparing the plans and calling for the tenders, etc., would proceed with all possible diligence, at the same time gently, and with all due delicacy, reminding the council and people of Edmonton that Canada was a large country and the Edmonton bridge was not the only matter engaging the attention of the department of public works.

SPECIAL services will be held in some of the churches on Sunday, when sermons will be delivered appropriate to Her Majesty's approaching jubilee. A service of song will be held both morning and evening at the Presbyterian church, and in the Episcopal church at Fort Saskatchewan, a special sermon, on the life of Her Majesty, will be delivered by Canon Newton. In all the Roman Catholic churches throughout this diocese special prayers will be made for the Queen, and in the morning the anthem, Domine Salvum fac Regem, will be sung at the offertory during high mass at 10.30. In the evening, at 7 o'clock, immediately after vespers, a sermon on "Authority" will be delivered and the hymn of thanksgiving will be sung to return thanks to the Almighty for the blessings bestowed on the British Empire during Her Majesty's reign.

OWING to the wires being down on the main line, there are no telegraphic despatches to day.

J. E. McLEAN's survey party has been delayed by the rains and on Saturday had only reached Lily Lake about six miles north of the Sturgeon.

A. H. ANTHONY came in from the far north yesterday. He met Wm. Connors at Bolter Rapids. Colin Johnston expected to leave Fort Chipewyan on the 15th on his way in. Messrs. McDougall & Secord's boats in charge of Wm. Patton arrived in safety at their destination.

E. K. BRESTON of the H. B. Co. Winnipeg, is in town on his way north on a tour of inspection of the company's different posts. He starts for the Landing in a few days to catch the Athabasca on the 20th in order to connect with the Peace river boats going into the north.

SOME misunderstanding having arisen in commercial circles, and wholesale houses in the east regarding the bye law passed by the town council a few weeks ago imposing a tax on commercial travellers doing business in town as the representatives of outside firms, we might explain that such municipal license fee is only exacted from such travellers as sell direct to the consumer, and was never intended to apply to and does not apply to travellers dealing with the wholesale or retail merchant.

MISS ROSA FITZGERALD and Charles F. Stewart, of Fort Saskatchewan, were married at the residence of the bride's father near the Fort on Tuesday evening last. The ceremony, which was performed by the Rev. D'Easum, was attended by a very large number of the friends both of the bride and groom, and the many costly presents served to convey the best wishes of their numerous friends. After the wedding supper had been disposed of a dance was held, and a merry evening thoroughly in keeping with the festive occasion was spent by all. The young couple will make their future home in Fort Saskatchewan.

WITH this issue ends the series of articles which have been running through this paper for the past three months under the title of "Edmonton, Kootenay and Cariboo." These articles have been printed in pamphlet form and besides the main one under the name referred to, there are two minor pamphlets styled, "Gold mining on the Saskatchewan" and "Canada's great Northland." The first, as its name implies, deals with the placer gold washing industry on the Saskatchewan since gold was first discovered in '58, and describes the increase and development of the industry with the advance of settlement and civilization, and the advent of improved mining machinery. The second, of more interest to residents afar, is partially descriptive of that Great Northland which stretches in unknown vastness from the Saskatchewan on the South to the shores of the Arctic ocean, and from that inland sea, the Hudsons Bay, westerly to the mountains on Pacific slope. These pamphlets, which are compiled purely for the purpose of giving to the world a knowledge of this north western corner of Canada, may be procured from their author and compiler, Isaac Cowie, of this town.

POLICE COURT.

Before Insp. Snyder, J. P., a case of seduction under promise of marriage, under section 182 of the criminal code, came up for preliminary hearing. The accused was committed for trial and allowed out on bail.

COUNCIL MEETING.

The usual meeting of the town council was held last night in the council chamber.

The following communications were read:

Frank Oliver, (2) re bridge, J. I. Tarte, re bridge. Beck & Emery, re Heiminek and town.

Beck & Emery, re E. D. R. Co's account.

J. M. Allen, re mill.

Mrs. Plumley, re assessment.

P. Heiminek & Co., re market site.

Heiminek & Co., restreot obstruction.

Petition, for public holiday on Wednesday.

The error in assessment referred to in letter of Mrs. Plumley was rectified.

The clerk was instructed to inform Mr. Heiminek, in answer to his communication re market site, that the council will meet on Saturday the 27th instant, to consider the question.

Gallagher-Garipey. That the petition praying for the 23rd to be made a public holiday, be tyed and the clerk be instructed to inform Mr. Fairbanks that the petitioners request could not be granted for fear it would inconvenience the visiting public.

The treasurer's report was received and adopted, and report of auditor also received and tyed.

Gallagher-Garipey. That the liabilities of the E. D. R. Co. of \$121.50 be paid as follows, to Beck & Emery, \$117.00

A. Taylor for F. M. Grey, 4.50

Gallagher-Garipey. That the account of A. G. Randall for \$150 for three years work as clerk of the sinking fund trustees be paid. The motion was lost, Councillors Gallagher and Garipey and Mayor McDougall voting for and Councillors Fraser, McLeod and Jackson voting against. The vote being a lock the motion was negatived.

McLeod-Fraser. That the matter of the improvements of the three plank side walk from Jasper avenue to Second street, River lot 14, be laid over for one month.

Gallagher-Fraser. That the chairman of the board of works be instructed to do such work as may be

found necessary to carry away the surface water from Jasper avenue.

The following accounts were passed: Lockhart, \$ 10.00 Cameron & McCallum, 754.11 Sam McCauley, 10.50 A. McNicol, 5.00 St. Geo. Jellett, 25.00 C. P. R., telegrams, 2.91 A. Schwerdfefer, 3.00 The meeting then adjourned.

JUBILEE ARRANGEMENTS.

A well attended meeting of the jubilee committee was held on Tuesday night to make final arrangements for the jubilee celebration.

A report from the committee appointed to arrange for the accommodation of the police band, was received, and the offer of the Queen's for their entertainment and accommodation was accepted.

Communication from Miss Coronet, teacher of Leduc school, was read accepting on behalf her pupils, the invitation of the committee inviting the school to participate in the celebration here.

It was decided to ask Major Griesbach for six constables to assist in keeping order on the race track, three to be mounted and three on foot.

An offer from C. W. Mathers, photographer, was received. Mr. Mathers offered to take views, in sections, of the whole procession, and afterwards a view of the complete procession and spectators at the race track, views to be mounted in pamphlet form, providing the committee would guarantee the sale of 250 of the pamphlets at 50 cents each.

After discussion the committee decided to accept the offer and give the guarantee asked for.

A decision was also arrived at by the committee to appropriate an amount to purchase sufficient fireworks for an elaborate exhibition, on the nights of celebration.

A request was also heard from a representative of Ermine skin, an honest Indian huddling over with an attack of Jubilee loyalty, who desired to bring in his hand to express their sentiments in an appropriate manner, if the celebration committee would supply a certain amount of beef, flour, tea, tobacco, etc., as a means of assisting the development of their enthusiasm. The committee decided to appropriate \$20 for the purpose, in consideration that he bring in his whole band, and Messrs. McDonald and Lauder were appointed to make the necessary purchases.

Arrangements were made re rigs for procession, ticket sellers, and also to have two tanks of water on hand each day for use of the public.

After the meeting of the management committee was adjourned, a meeting of the racing committee was held, when it was decided to change the half mile green trot to one mile.

The next and probably last meeting of the committee will be held on Saturday night.

SESSION NOTES.

OTTAWA, June 10, '97.

All the items of the tariff were passed last night except those relating to implements and sugar. The reduction in the iron duties was criticised adversely by the opposition as being an attack upon the production of iron in the country. A greater reduction on wire nails was asked for by supporters of the government, while the opposition held that the reduction made was ruinous to the industry. In proof of the necessity of protection, Taylor, opposition whip, stated that the finished nails could be bought in Pittsburgh for export to Canada as cheaply as the wire from which the nails were made; and, therefore, to enable the Canadian manufacturer to compete there had to be a duty as great as the cost of making the wire into nails; in other words, the duty in this case must be equal to the cost of production, or the industry cannot be carried on in Canada. A number of the liberal members held that it was questionable whether it was profitable to have such an industry carried on under such circumstances. The prospective removal of the duty on barb wire brought out a very strong protest from certain members having barb wire factories in their constituencies. On the item of woven wire it was shown that the protection which under the old tariff was two and a half per cent. is under the new tariff 25 per cent.

On Wednesday night the whole of the opposition party, with the exception of Mr. Taylor, the whip, and Mr. Henderson, of Halifax, banqueted Sir Charles Tupper, and were therefore absent from the House. In their absence the items of the tariff went through with lightning rapidity, the only discussion being amongst the members on the liberal side.

The announcement regarding the Crow's Nest Pass Railway has not yet been made, but it is expected to-day or to-morrow. It is becoming evident that C. P. R. influence is gaining ascendancy with the government. Indeed in the matters both of the tariff and of the railway policy the liberal party are shifting ground to such an extent as to be able to rely upon the support of a large part of the opposition, including the leader, and appear to be ready to sacrifice a portion of their liberal support on these questions in order to secure that of the opposition.

OTTAWA, June 8, '97.

Monday's business was transacted by a slim House. It was the last private members' day of the session, and a large number of motions which have been standing on the order paper for weeks were disposed of. Mr. Davies moved a resolution in favor of granting scrip to half-breeds of the Northwest Territories up to 1895. Hon. Mr. Davies, who was leading the House, informed Mr. Davies that the government had the matter under consideration.

Mr. Oliver moved a resolution asking that the lands of the Calgary & Edmonton, Regina & Prince Albert and Manitoba & Northwestern railways be made subject to taxation forthwith, as they did not enjoy any exemption by act of parliament, and were only exempted by a secret understanding between the companies and the government which was greatly to the prejudice of the settlers of the country affected, in that it threw upon them a double burden of taxation for school and road purposes. Davies (Saskatchewan), Davin and Rutherford (Macdonald, Man.) supported the resolution. Sir Charles Tupper opposed it on the ground that if the understanding that had been entered into with the railway companies was violated it would prejudice the credit of Canadian railway schemes and might make the raising of money for future railroads in the Northwest very difficult. Hon. Mr. Davies pointed out that parliament was very deeply interested in this question, inasmuch as funds had to be provided for carrying on the local government, school and municipal institutions of the Territories from the national treasury. If the Territories were deprived of any part of their legitimate resources, or means of raising money by taxation, it meant that the loss had to be supplied to a greater or less degree by parliament, therefore it would be the duty of the government to see that no escape from proper liability to taxation occurred. The matter was already engaging the attention of the government, and he assured

ed the mover that it would be dealt with at the close of the session.

Cowan's alien labor bill passed its third reading without amendment. It is practically a reprint of the United States law, and applies only to that country. This is another case in which liberals have stolen the policy of the conservatives. Mr. Taylor, conservative whip, has had an alien labor bill before the House for several sessions, and placed another one on the order paper at an early date for the current session; but Mr. Cowan, (Essex Co. Ont.), a liberal, was fifteen minutes ahead of him on the order paper, and consequently his bill had precedence. Both bills were practically the same.

Casey's bill, to compel railway companies to carry bicycles as baggage, passed its third reading in the Commons last night.

In the railway committee to-day there was a hot discussion over the Columbia and Western railway bill. This is a project under the control of Heinze, of the Trail Smelter, and Columbia and Western Railway line from Trail to Rossland. The line is to extend from Trail, on the Columbia River, where it will connect with the Crow's Nest Pass branch of the Canadian Pacific Railway, to Pentiction at the southern end of Okanagan lake. It is proposed that communication with the coast cities shall be by trail to Vernon at the north end of Okanagan lake, then by steamer to Pentiction at the south, and by rail from Pentiction to Trail. Dr. Milne, one of the defeated candidates for Victoria, B. C., in the last general election, and Mr. McLean, of Vancouver, were present as a delegation supporting a counter proposition, of the Vancouver and Eastern Railway, which was asking for a charter from Vancouver to Trail by way of Pentiction. These gentlemen spoke very strongly as to the necessity and desirability of direct communication from the coast cities to the Kootenay country. They very strongly objected to the Columbia and Western charter being granted, as it only covered a part of the distance and did not give the coast cities that direct communication necessary to the development of their mutual trade. Hon. Mr. Blair strongly opposed the scheme of Messrs. Milne and McLean, in favor of that of Mr. Heinze, and declared that there was no reason why the expenditure that would be necessary to secure the construction of a through line from Vancouver to Trail should be incurred. There is a very strong feeling among members from the coast that they are being thrown down in favor of Mr. Heinze, or they don't know who. The Columbia and Western charter did not pass the committee, but stands over until the government's announcement regarding the Crow's Nest Pass Railway is made, which is likely to be within a few days.

In the senate to-day the Bill granting an extension of the Calgary & Edmonton Railway to the town of Macleod came up for third reading. The clause requiring the company to place a station in the town of Macleod, which was inserted in committee of the whole by the Commons, was struck out by the railway committee of the Senate; but when the bill came before the Senate a motion was made to re-insert the clause, and when it became apparent that the motion would carry, the bill was withdrawn by the promoters; they taking the position that they would rather not have the power to extend their line than submit to safe-guarding the interests of the town of Macleod. However the country has lost nothing by the withdrawal of the bill, as there was no probability of an extension of the line until the Crow's Nest Pass Railway had been built at least as far as Macleod. In any case it is very satisfactory to know that both the Senate and the Commons have agreed to protect the interests of the established town sites in the granting of railway charters.

This afternoon was taken up by Sir Charles Hibbert Tupper discussing the reduction in the iron duties which affect the iron manufacturing industry in Nova Scotia. The idea was that as the reduction of the iron duties was a popular measure throughout the greater part of the country it was only fair politics to fasten the unpopularity as strongly as possible upon the government in the counties in which iron smelting is principally carried on, one of which Sir Charles, the younger, represents.

EVADING TAXES.

Winnipeg Tribune: Mr. Oliver has done a good act in parliament in directing public attention to the way in which the Northwest suffers through the administration of the law touching lands granted to railway companies. As is well known throughout the west the lands granted to railway companies are exempt from taxes, and in the case of the C. P. R. that exemption dates for 28 years from the granting of the charter. Knowing that the exemption period will soon expire and that if the spirit of the law is enforced the company will have an enormous tax burden to face, the ground has been taken that the exemption period dates from the time when the land was selected; and although the company has taken the precaution of looking out for the choicest lands, still it has sought to get them in such manner as to evade tax-

tion for as long a period as possible. The moment, however, that any parcel of land passes from the company to a settler or any independent purchaser that moment the land becomes taxable and is assessed by the municipality in which it is located.

We do not wonder at the settlers protesting in the strongest terms against being compelled to pay taxes while the railway companies are allowed to go scot free. The settlers recognize that in cultivating and improving their quarter sections they are enhancing the value of the vacant lands lying about them, and they very naturally feel that these lands should bear a portion of the tax burdens which are levied exclusively on their holdings.

Not only has the C. P. R. escaped the payment of taxes, but a number of other companies have been enabled to do the same, and cases have been known where lands have been transferred by these large holders of vacant prairie lands, to independent companies, and notwithstanding the law, the purchasing companies have in some way frustrated the tax collectors and escaped taxation.

This is not right in the interests of the west; it is not fair to the settler, and the people owe a debt of gratitude to Mr. Oliver for bringing the matter up in parliament and ventilating it. The time will soon come when the 20 year exemption period will expire and then if the government force the companies to do their duty in the matter of paying taxes, it will tend greatly to lessen the tax burdens now imposed upon the settlers.

DAVIN'S ELECTION TRIAL.

The Regina Standard says: "Notwithstanding numerous delays and the alternate efforts of Mr. Davin to coax and bulldoze parties to compromise the matter, the West Assiniboia election protest will go to trial. The evidence which has been quietly collected during the past ten months is in many respects the strongest in the history of Canadian election trials and there is not a shadow of doubt as to the unseating of the usurper. Some damaging exposures in which public officials and other prominent people will figure are in store."

EDMONTON, KOOTENAY AND CARIBOO.

ST. ALBERT.

This Roman Catholic Cathedral town may next to Edmonton, claim to be distinguished over other towns of the West by the greater antiquity of its origin. It is beautifully situated in the valley of the Sturgeon River, and about nine miles north of Edmonton. The seat of the Roman Catholic Bishopric of St. Albert which covers an immense area of the settled and unsettled portions of the Territories, it is also the central point of those fine farming settlements, Glengarry, Morinville, and the old St. Albert district. It is the capital of the electoral district of St. Albert, which Mr. Daniel Maloney so well represents as member in the assembly.

Besides the Cathedral, the Bishop's palace, the convent and hospital of the Grey Nuns, and their school buildings crown the bank of the valley in which is situated the business portion of the town. Besides an ordinary school taught by the Sisters of Charity with their usual devotion and ability, they also conduct an industrial school where native children are taught the trades and callings of civilized life.

There are two large general stores, a hotel, blacksmith shop and other mechanics. It is in telephonic connection with Edmonton and Morinville.

FORT SASKATCHEWAN.

This town is of military origin having been founded by Colonel W. D. Jarvis, of the Northwest Mounted Police, in the fall of 1874. The barracks were completed in 1875, and with the improvements subsequently made, present to-day one of the most picturesque appearances in the Territories. It is beautifully situated on the Saskatchewan River about 18 miles northeast of Edmonton. Population 300. As the headquarters of the "G" division of the N. W. M. P., under Major Griesbach, which acts as the preventive and protective force for all Northern Alberta as well for the Athabasca and Peace River districts, it is of importance. Apart from its military consequence the town has many advantages which guarantee its continued growth and prosperity. As centre of one of the finest mixed farming portions of the district, which is being rapidly settled, the town is bound to grow with the country. Already it is the market town of the splendid settlements in the Beaver Hills, of Beaver Lake, Edna, Egg Lake, Victoria and Vermilion. Situated on the bank of the navigable waters of the Saskatchewan and at the best natural crossing for a railway bridge anywhere on that river, and moreover as the objective crossing of several railways, for which charters are held, there is every human probability that the town of Fort Saskatchewan will become a great city.

It has a doctor; an Anglican and a Presbyterian church, with resident clergymen; three general stores; one hardware establishment; two blacksmith's shops; a livery stable; a drug store; and a butcher's, a barber's, and a harness shop. There is a very good hotel.

One of the best institutions of Fort Saskatchewan is a fine 50 barrel roller process grist mill, which has been a boon to the farming community not only in the electoral district of Victoria, of which this town is the capital, but to those of all the neighboring electoral districts. There is a very active and progressive agricultural society with grounds, which are being very much improved by a new race track, fence, stables and a large hall.

The member for the district, Mr. F. Fraser-Tims, who is one of the most public spirited men in the Territories, resides in the town which he has done so much to foster and develop.

Towns along the line of the Calgary & Edmonton Railway, by C. S. Lott.

WETASKIWIN.

Wetaskiwin situated on the C. & E. Railway, 152 miles from Calgary and 40 miles from Edmonton, in the centre of a very good and extensive farming district has a population of about 200. There are four churches: Church of England, Roman Catholic, Presbyterian and Methodist. A first class school house, creamery, large hotel, Dominion land office, three general stores, two lumber yards, two butchers, drug store, jeweller, &c. There is a large grain warehouse and an elevator will be erected this year. Wetaskiwin is the market town for the Battle River district.

There is a good opening for a doctor at this point.

LACOMBE.

The town of Lacombe situated on the Calgary & Edmonton Railway, 113 miles from Calgary and 79 miles from Edmonton, in the midst of a good farming and ranching country, (well watered with lakes and springs and having plenty of timber for building) has a population of about 200. There are two churches, Presbyterian and Methodist, and the Church of England also holds service here. There is a good school in the town, and five in the surrounding country. There is a first class hotel and livery stable, three general stores, hardware store, lumber yard, two implement agents,

doctor, blacksmith, two harness makers, druggist and butcher.

There are good openings in Lacombe for the following: Lawyer, brick maker, baker, shoemaker and barber. D. C. Gourlay would be glad to answer any enquiries at any time.

RED DEER.

Red Deer, situated midway between Calgary and Edmonton, in the midst of a fine mixed farming and agricultural district, has a population of about three hundred. It has three churches, and one of the finest schools in the country, government creamery, Dominion land office, Mounted Police station and other public buildings. Societies are represented by the Freemasons, Orangemen and Independent Order of Foresters. Mails are distributed here for Pine Lake, and Greenlaw. Coal and wood abound in the district. The following businesses are established here: Three general stores, barber, blacksmith, taxidermist, hotels, sawmill, brick yard, doctor, lawyer, insurance agent, office of the Saskatchewan Land & Homestead Co. Three sittings of the supreme court are held each year.

INNISFAIR.

A town on the C. & E. Railway, 76 miles from Calgary and 116 from Edmonton is very prettily situated in a rolling park-like country. The town is built on the edge of a bluff of poplar, and the trim and tidy buildings, with the back ground of green foliage, presents a very attractive appearance. The district is a good one for mixed farming and ranching on a small scale.

There are three churches, a creamery, good school, two good hotels, three general stores, hardware store, blacksmith, livery stable, &c., &c. A doctor and a lawyer are established here.

OLDS.

Olds, a thriving town on the C. & E. Railway, 58 miles north of Calgary, is situated in the midst of a good farming district.

The following businesses are established here: Good hotel, livery stable, general store, hardware store, harness maker, blacksmith, implement agency, post office, &c., &c. There is a good school house and a creamery in operation.

Free homesteads can still be obtained within a reasonable distance of Olds. In the district to the east of Olds there are a number of small cattle ranches, this district being particularly well supplied with hay.

THE END.

SUPPLEMENTARY ESTIMATES.

Supplementary estimates for the current year amounting to \$1,092,045 were brought down to-day. This makes the estimated outlay in current and capital account of the year \$42,739,966, whereas the outlay last year was \$40,730,453. The fire in the western block is responsible for \$63,500. The repairs so far have cost \$37,000. The moving to temporary quarters and making them comfortable cost \$22,500, and the rentals were \$3,000. In addition to the grant already made, \$4,000 is required for the jubilee contingent. The government proposes to spend \$6,000 in decorating the parliament buildings for the occasion, and \$750 for a casket to enclose the parliamentary address. The cost of the commissions is being figured up. For the penitentiary commission, \$10,000 is asked; for the investigation into the government railways, \$3,500; for the tariff inquiry, \$6,000. The sufferers by the Quebec landslide are to get \$38,768. The operation of the Baie des Chaleurs railway during the winter months, cost \$18,500. The sum of \$12,537 is proposed to pay the debts of the Northwest Territorial exhibition, 1895. For monuments on the battlefields of Canada, \$1,000; for construction in the Trent Valley canal, \$150,000 is named. Contractor Archibald Stewart is to receive \$17,545 loss caused by stoppage of work on the Soulange canal. Towards deepening of the St. Lawrence ship canal, \$35,000 is proposed.

By-Law No. 137.

A By-Law to provide for the raising of twenty-five thousand dollars as a bonus to aid in the construction of a Combined Railway and Traffic Bridge across the Saskatchewan River, at Edmonton.

WHEREAS, a petition, signed by at least one-half in number of the resident ratepayers of the Municipality of the Town of Edmonton, has been presented to the Municipal Council of the said Municipality, requesting them to pass a By-Law to provide for the raising of the sum of \$25,000.00 to be given as a bonus to the Dominion Government to aid in the construction of a Combined Railway and Traffic Bridge across the Saskatchewan River at Edmonton, and for the issuing of Debentures therefor, and to submit the same for the assent of the ratepayers of the Municipality duly qualified to vote thereon;

AND WHEREAS, the Municipal Council have deemed it expedient to comply with the requests of the said petition;

AND WHEREAS, the Municipal Council deem it expedient that the said sum shall be raised by the issue of Debentures to the said amount, payable in thirty years, bearing interest at the rate of five per cent. per annum, payable half-yearly;

AND WHEREAS, the amount of the whole rateable property of the Municipality, according to the last revised assessment roll, is \$914,770.00;

AND WHEREAS, the total amount of the debt due for the current expenses of the year, is \$18,510.88, incurred for local improvements; and \$85,768.95, incurred for permanent improvements; making in all the sum of \$104,279.83, hereof no part is in arrears;

AND WHEREAS, it is expedient to provide for the payment of the principal of the said Debentures by the creation of an equal yearly Sinking Fund;

AND WHEREAS, the total amount to be raised annually by special rate for the paying of the said debt, by means of a Sinking Fund as aforesaid, and the interest thereon as aforesaid, is \$19,026.30;

AND WHEREAS, the annual special rate on the dollar, as being sufficient to pay the said interest, and to create the said equal yearly Sinking Fund, for the payment of the said debt, is 1.5 to 10 mills;

THEREFORE, the Mayor and Council of the Municipality of the Town of Edmonton, in Council assembled, enact as follows:

1. This By-Law is to take effect on the 6th day of May, A. D. 1897.

2. The Mayor and Clerk of the Municipality are hereby authorized to issue debentures of the Municipality to the aggregate amount of \$25,000.00, payable in thirty years, at the rate of five per cent. per annum, bearing interest at the rate of five per cent. per annum, payable half-yearly; such debentures to be payable at the office of the Treasurer of the Municipality of the Town of Edmonton, and to have attached to them coupons for the payment of interest.

3. For the purpose of paying the amount which shall be required to be raised only for the payment of the said interest, and for the creating of an equal yearly Sinking Fund to be set apart for the payment of the principal sum of \$25,000.00, a special rate of 1.5 to 10 mills on the dollar, and as aforesaid, shall be levied in the same manner, and at the same times, as the general municipal taxes, upon the whole of the rateable property in the Municipality in each year, for the period of thirty years, during which the said Debentures shall be current.

4. The said Debentures, when so issued, as aforesaid, shall be deposited with the Treasurer of the Municipality, and the same, or the proceeds thereof, shall be by him delivered to the Minister of Public Works of the Dominion of Canada, for the time being, in accordance with the provisions of a By-Law to be hereafter passed by the Municipal Council in that behalf.

5. Wednesday, the 6th day of May, 1897, between the hours of nine o'clock in the forenoon and five o'clock in the afternoon, at the office of the Town Clerk, Edmonton, is hereby fixed as the day, place and hour for taking the votes of the electors, for and against this By-Law.

6. Arthur G. Randall is hereby appointed Returning Officer, and St. Geo. Jellett, Deputy Returning Officer, to take the votes at the said time and place.

7. Wednesday, the 6th day of May, 1897, at the hour of six o'clock in the afternoon, at the office of the Town Clerk, Edmonton, is hereby fixed as the time and place where the Returning Officer will sum up the number of votes given for and against this By-Law.

Provisionally adopted in Council at the Town of Edmonton, this 10th day of April, A. D. 1897.

(Sgd) J. A. McDUGALL, Mayor.

(L.S.)

(Sgd) A. G. RANDALL, Clerk.

NOTICE.

The above is a true copy of a By-Law passed by the Municipal Council of the Municipality of the Town of Edmonton on the 6th day of May, A. D. 1897, and approved by His Honor the Lieutenant-Governor-in-Council on the 12th day of May, A. D. 1897, and all persons are hereby required to take notice that anyone desirous of applying to have such By-Law or any part thereof quashed, must make his application for that purpose to the Judge of the Supreme Court within two months next after the third publication of this notice or he will be too late to be heard in that behalf.

EDITOR BULLETIN.

In a recent conversation with a miner who has been over the ground, from Edmonton to the Yukon, he informs me that for a party of prospectors wanting to reach the latter point, they could start from the Athabasca Landing by boat and travel down the Peel river, on the Mackenzie and thence across the mountains to the Porcupine river, and that the total distance travelled by land between the Peel and Porcupine rivers is only 90 miles, and the balance of course, is all river route from Athabasca Landing.

This being so, why should not Northern Alberta divert the traffic and travel, at least during the summer season? The Hudson's Bay company have steamers now running between Athabasca Landing and the Mackenzie river, for its own trade, it is natural to suppose the company would like to increase its revenue, as it undoubtedly would, owing to the immense trade to be done, if the proposed route were once established and advertised, and the company would then have the lions share of what trade is now being done by American concerns, with much less means, but more enterprise, and with much less facilities.

In addition to the water route an all wagon road, via ruins of Fort Assiniboine, Lesser Slave Lake and Peace river, Landing and on to the Liard river and thence to the head waters of the Yukon can be easily got, at a nominal cost, which would prove invaluable to the whole Dominion of Canada, in assisting the development of the resources of what experts claim, are the richest gold fields so far discovered in the world.

Are the members of the Edmonton Board of trade aware of the towns' important situation in connection with the Yukon?

PROGRESS.

ANGUS RIDGE.

Mrs. (squire) Shantz who was on the sick list this week, has regained her usual health.

Mr. Thirk is making some improvements in his house. He is going to finish the addition he built to it last year.

The parents of this district should use every precaution to prevent diphtheria from getting here.

The attendance for the Battle river school for May was 19. Average for June will be greater as several of the larger boys have finished seeding and returned to school.

The light showers this week, have improved the crops in this vicinity. More rain is still needed.

Master Oliver Greenwood will pay Battleford a visit next week.

The celebration of the Queen's Jubilee in Edmonton on June 22nd should be well patronized.

June 4th, '97.

GENERAL NEWS.

The Canadian Northwest Mounted police will head the colonial portion of the jubilee procession on June 22. Premier Laurier will follow as first minister, Newfoundland having the 5th premier in line. The Times gives the official programme of the procession for June 22.

Another sepoy war is feared in India a number of British officers and native soldiers were treacherously murdered in the Tochi Valley by natives led by the notorious Mullah of Pownah. The Tochi valley has been controlled by the British since the delimitation of the Indo-Afghan frontier, but the tribes there have always been turbulent, and fear is felt lest the other tribes rise against the British.

THAT IS THE QUESTION.

Would a railway commission appointed by the government be more independent of the C. P. R. than a government appointed by the people has been?

Nearly a year ago the people of Canada thought they were creating a government which would keep itself out of the control of the C. P. R.

Alas the C. P. R. now appears to be in full control of the government, and if the people of Canada are not smart enough to create a government which the C. P. R. cannot control, is the government of Canada smart enough to create a railway commission which the C. P. R. will not be able to control?—Toronto Telegram.

TURKEY TO WITHDRAW.

Constantinople, June 10.—Since yesterday's conference between the ambassadors of the powers and Tewfik Pasha, Turkish minister for foreign affairs, Ottoman officials have been more conciliatory on the subject of Thessaly and it is now believed Turkey will yield on that point and agree to withdraw her troops. This change of front is said to be due to advice from abroad.

The first batch of jubilee stamps was sent out from the post office department on the 11th for British Columbia. None can be sold, however, before the 19th inst.

Supplies are being sent west with a view to the early commencement of work on the Crow's Nest Pass railway.

The Winnipeg Free Press Bulletin of the 10th inst. has the following news item in its local: "C. W. Sutter, formerly of this city, is now immigration agent for North Alberta, with headquarters at Calgary."
